Reg. Number.: 34021

Athens, 31.7.2024

Subject: Call for expression of interest in Doctoral Studies – Period September 2024

Following the decision of the General Assembly of the School (Meeting 25-07-2024), those interested in doctoral studies at the School of Civil Engineering are invited to submit an application to the Secretariat, according to the following conditions.

Deadline: from the 1st to the 30th of September 2024

Method of submission: Complete and submit a form (see relevant link) electronically to ekponis_diatrivis@civil.ntua.gr with the required supporting documents attached. To complete the form, the interested parties are encouraged to collaborate with faculty members (preferably the proposed supervising Professors).

Institutional framework: Law 4957/2022 and Doctoral Studies Regulation (KDR) of the School (see relevant link).

Right to submit an application: (a) Graduated Civil Engineers (b) Graduated Engineers of other specialties and (c) graduates of other Schools who hold a Graduate Diploma or Master's Degree, as described in more detail in the KDR.

Cognitive Objects: Science and Technology of Civil Engineering (see analysis in the Gazette of the School's subjects in the relevant link) as well as interfaces with other scientific areas.

Method of selection: As specified in the KDR.

Maximum number of PhD candidates: 40.

The Dean

I.P. Pantouvakis
