Reg. Number.: 10556

Athens, 25.2.2025

Subject: Call for expression of interest in Doctoral Studies – Period March 2025

Following the decision of the General Assembly of the School (Meeting 25-07-2024), those interested in doctoral studies at the School of Civil Engineering are invited to submit an application to the Secretariat, according to the following conditions.

Deadline: from the 1st to the 31th of March 2025

Method of submission: Complete and submit a form (see relevant link) electronically to ekponisi_diatrivis@civil.ntua.gr with the required supporting documents attached. To complete the form, the interested parties are encouraged to collaborate with faculty members (preferably the proposed supervising Professors).

Institutional framework: Law 4957/2022 and Doctoral Studies Regulation (KDR) of the School (see relevant link).

Right to submit an application: (a) Graduated Civil Engineers (b) Graduated Engineers of other specialties and (c) graduates of other Schools who hold a Graduate Diploma or Master's Degree, as described in more detail in the KDR.

In particular, anyone who holds a master's degree granted by a national or foreign Higher Education Institution (HEI) or a graduate of an HEI undergraduate study program of the country or abroad, the successful completion of which leads to the granting of a single and indivisible degree in accordance with article 78 of the above mentioned law, has the right to apply for enrollment in a doctoral studies program.

Cognitive Objects: Science and Technology of Civil Engineering (see analysis in the Gazette of the School's subjects in the relevant link) as well as interfaces with other scientific areas.

Method of selection: As specified in the KDR.

Maximum number of PhD candidates: 40.

The Dean

E. Vlachogianni
